Subject: New Jersey contacts

Basil and Gene: thank you for this today's discussion. I look forward to talking next week, esp since I really need to respond to the Mayor of Hoosick Fall's letter.

Here are the contacts in New Jersey DEP to talk to about PFOA and PFOS.

Gene, you may want to reach out to Assistant Commissioner Mark Pedersen. He was the highest ranking nj dep person at the meeting with EPA on pfoa and pfos two weeks ago. Mark can be reached at 609 292 1250 or mark.Pedersen@dep.nj.gov

NJ DEP is following the situation in Hoosick Falls. The nj health advisory number for pfoa is 40 ppt.

Other excellent technical contacts at nj dep are:

Dr. Alan Stern
Bureau Chief – Risk Analysis
Division of Science, Research and Environmental Health
NJ DEP

And

Dr. Gloria B. Post
Research Scientist
Division of Science, Research and Environmental Health
NJ DEP
